ATTN: Russell C. Feller

RE: ML 47175--BSLS; Notice of Intent; DOGM #S/053/023; Washington County

Dear Mr. Feller:

Thank you for submitting a very thorough notice of intent to commence mining upon lands managed by the School & Institutional Trust Lands Administration in Sections 3 & 10, T43S, R16W, under the above numbered lease.

I have reviewed your notification and understand that you are not proposing to construct any roads or excavations upon the leased premises. You will simply use rubber tire equipment to load loose rock materials laying upon the surface. A cultural resources survey will not be required and no bond is requested at this time.

You may immediately commence mining operations in accordance with your proposed plan of operation. Please maintain detailed and accurate records of the quantities of leased substances removed from the leasehold and pay all royalties in a timely manner in accordance with the lease. All production is subject to audit by the School and Institutional Trust Lands Administration.

Sincerely,

JOHN T. BLAKE  
MINERAL RESOURCES SPECIALIST
